

Ironwood Scholarship Application

Thank you for considering Ironwood Springs for your camping experience. It is our desire that financial barriers would not prevent someone from attending camp. Scholarship requests are based on a first-come and needs basis. Payment plans are also available via our online registration system to help in paying for camps. All scholarship requests must be received at least one month prior to the camp start date. You will be notified via email or phone regarding the awarding of a scholarship.

Scholarship funds are provided to cover the cost of the camp registration only. Additional options such as horsemanship may be also optionally available. Add on items such as canteen money will need to be paid by attendee.

In all cases, a \$50 minimum payment per camp or retreat will be required. This payment will follow the normal guidelines regarding refunds due to cancellation.

Here is the order of the scholarship process:

1. Attendee family follows checklist of other sources of camp scholarships (social services, churches, family members). Request for scholarship would be for remaining amount.
2. Attendee family submits scholarship request(s).
3. You will be notified within one week what scholarship amount, if any, will be awarded. If a scholarship is awarded, you will receive a registration code to use for online registration.
4. Attendee family submits the camp registration via the online system using the registration code. An initial, minimum payment will be required but the total payment can be done via additional payments.
